

## Driver/Builder Position

Do you like to travel? Do you have carpentry/framing experience? We need a Driver/Builder to take crew & materials to job sites and complete our outdoor living structure assembly.

Homestead Structures designs and builds high-quality, hand-crafted outdoor living structures. Due to a demand for our quality buildings, we are in need of an experienced construction worker to drive our crews & materials all over the Mid-Atlantic from our location in New Holland, PA.

If you are looking for an exciting position that includes driving and building outdoor living installation projects – look no further! Primarily, you will be responsible for driving crews safely to destinations and building structures from start to finish. Secondary functions of the job include handling/organizing tools and maintaining a clean job site.

We need a highly dependable and hard-working Driver/Builder with at least 3 years construction experience! A valid Driver's license, class A CDL, and a clean driving record are required.

If you love driving and have carpentry, framing, roofing, or siding knowledge, this is the position for you! After arriving at the job site, you and a crew will assemble and finish the outdoor living structure ensuring customer satisfaction. These beautiful structures always put a smile on the faces and crews when a good job is done. In exchange for your hard work, Homestead Structures offers full-time work, competitive pay, vacation, paid holidays and other benefits.

Our culture drives our passion for excellence in every customer experience. As an Amish-owned business with an employee-focused and quality-minded work environment, we take pride in work we perform, integrity in all aspects, and accountable for our actions. It is these values and business culture that sets us apart from our competition.
